

MANZI CAN COUNT AND MAKE GROUPS

- (1) Count the number of pictures of Manzi and write the total number in the left block. (2) Circle the groups in the centre block. (3) Write down how many groups there are in the block on the right.

<p>How many pictures are there?</p> <hr/>	<p>Circle in groups of 2</p> 	<p>How many groups of 2?</p> <hr/>
---	---	------------------------------------

<p>How many pictures are there?</p> <hr/>	<p>Circle in groups of 3</p> 	<p>How many groups of 3?</p> <hr/>
---	--	------------------------------------

<p>How many pictures are there?</p> <hr/>	<p>Circle in groups of 4</p> 	<p>How many groups of 4?</p> <hr/>
---	---	------------------------------------

Note: Why don't you collect bread tags or bottle caps and use them to help you with the grouping. By reusing these waste items you stop them from landing on a rubbish heap and are helping to stop them entering our water sources.
