

MANZI'S MATHS

STORYTELLING MATHS: ADDITION AND SUBTRACTION

Manzi has a problem! Do you think you can help him? People are wasting too much water. Help him do the sums below to see how much water drops are being wasted and how much water can be saved.

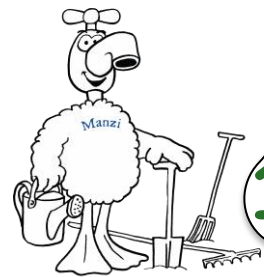

$$5 - 0 = \text{[]}$$

The dripping tap wasted 5 drops of water. Manzi closed the tap and 0 drops were wasted. How many drops of water did he save?

$$3 + 4 = \text{[]}$$

Manzi is looking to see where water is being wasted. There are 3 drops wasted in the bath and 4 drops in the basin. How many drops of water are wasted?

$$10 - 5 = \text{[]}$$

The garden hose wasted 10 drops of water. Manzi used a watering can instead and only used 5 drops of water. How many drops of water did he save?

$$4 + 4 = \text{[]}$$

The toilet isn't working. Two people flush it and it wastes 4 drops of water every time it is used. How many drops of water are wasted?

$$8 - 5 = \text{[]}$$

Manzi took a short shower. He used 8 drops of water and saved 5 by catching the shower water in a bucket. How many drops of water went down the drain?

$$10 - 7 = \text{[]}$$

Manzi paid his water bill for all the water he used in a month. He used to pay R10 but because he saved water, he only had to pay R7. How much money did he save?
