

EARTH DAY 2021

Every year on 22 April, the world commemorates Earth Day where environmental activists mobilize action against environmental pollution. This year's theme is "**Restore our Earth**" that focuses on natural processes, green technologies and innovative thinking that can help restore the Earth.

What can you do?

1. Fight food waste by composting.
2. Change to online banking and billing to reduce paper use
3. Avoid single use plastic items like straws and plastic bags.
4. Limit the use of harmful pesticides in your garden.
5. Use as little water as possible in any situation.
6. Never litter.
7. Support river and wetland clean-up initiatives.
8. Reduce, reuse, and recycle.
9. Grow your own vegetables.
10. Respect your environment.

A **healthy** planet
is not an option —
it is a necessity.

Always use
re-usable bags!

RESTORE OUR EARTH
