

EARTH HOUR

JOIN THE GLOBAL COMMUNITY

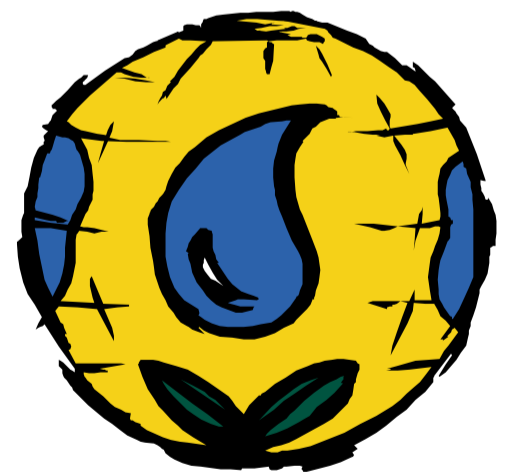

MARCH 23 8:30PM

EARTH HOUR.ORG

The 23rd March 2013 from 20:30 - 21:30 is Earth Hour. This is an opportunity for you to join millions of people around the world to show your support for our Earth, your understanding of the impact we have on the environment and your commitment to conserving our planet.

What do you have to do?

1. Simply switch off all your lights and electricity on the **23rd March** for one hour, between **20:30 and 21:30**.
2. Light a candle if you wish.
3. Enjoy the silence and think about our beautiful planet and how well it supports us and all other life.
